CONGRATULATIONS TESTEES

*Trio Martial Arts Would Like
To Congratulate All Who Tested This July*

On July 12, Trio Martial Arts held its third group testing with 3 of its students. Testing were Phillip Kuzara (13), David Blackwell (13), and Casey Blackwell (11). All 3 students left the test with a sense of hard work and accomplishments. For David and Casey Blackwell, this was their first testing procedure at TMA and to witness the event were their parents and grandparents, and we always appreciate the support of the family. Everyone enjoyed the test, commenting on how well the promotion ceremony was conducted afterwards.

*Front Row: Casey Blackwell, David Blackwell
Second Row: Sensei Bret, Phillip Kuzara, Sempei Robin*

MARTIAL ARTS PARADE

*Trio Martial Arts Academy asked to join
World-recognized Martial Arts Parade*

Trio Martial Arts Academy has been invited to attend the 2nd Annual Martial Arts Parade held in Orlando. This event will be televised via ABC and all students are asked to participate in this once-in-a-lifetime opportunity. The parade will be held on November 15 in Barnett Park near the fair grounds. After the parade, our Demo Team has been asked to perform along with other martial arts schools from all around the country.

SENSEI BRET'S COMMENTS

Luckily this past test, I wasn't injured nearly as bad as I was last time. Thanks for taking it easy on me Phillip. Oh yeah, sorry about poking you in the eye. Guess we're even now.

DEMO TEAM BEGINS

Our Demo Team had their first practice July 11 and is well on their way to learning the difficult 10 minute routine. The members of the team are: Heather Gordon, Croix Shaffer, Emily Rees, Shannon Gordon, Casey Gates, and Robin Adams. Everyone on the team has already, and continues to, work hard to represent the dojo. We will let everyone know soon where we will be performing.

NEW WEBSITE

www.TrioMartialArts.com

Trio Martial Arts Academy is announcing our new website is currently up and running. Check back weekly for updates as the website continues to grow.
